

### **COMMUNITY EVENT FOOD VENDORS:**

Community events that include serving food to the public present challenges to both professional and volunteer food vendors. The goal of providing safe food is shared by everyone involved. While professional food vendors are usually familiar with regulatory requirements, volunteers may not be. Tulare County Environmental Health Department strives to work with the event organizer to help make all food vendors aware of food safety requirements and their responsibilities to make the event a success.

#### **Food vendors participating in community events are required to observe the following:**

1. All food must be prepared in an approved food facility such as a health permitted kitchen, or onsite in the temporary food booth. Food that has been stored or prepared in a private home **may not be sold, offered for sale, or given away** in a temporary food facility with the exception of an approved Cottage Food Facility.
2. The Food Vendor must indicate the type of food which will be prepared/served in the booth. The Food Vendor must also indicate any other locations of food preparation/storage.
3. **The completed form and fees must be returned to the Event Organizer. The organizer must submit all completed vendor applications and fees at least two (2) weeks prior to the event. (Make checks payable to TCEH).**
4. Read and follow the "Temporary Food Facility Guidelines".
5. Vendors sampling or preparing food shall complete the entire application.
6. ALL vendors shall prominently display a completed self-inspection checklist, indicating they are ready for inspection, on or before the ready for inspection time and date indicated on their application.

# Temporary Event Permit Type Revision

## SINGLE EVENT VENDOR PERMIT

The following temporary event permit types have been revised to align with the FDA model. Single event vendor permits have been consolidated into permit types that are based on food risk and not based on number of days. This has led to a change in permit names, permit fees, and permit criteria.

<u>New Permit</u>	<u>Risk</u>	<u>Example</u>
